## Chapter 1 by Pheonix Rose

Leons Pov.

You know what's normal? A waffle for breakfast. You know what's not normal? A pink school that's what.

It was Friday and today I was simply just taking a tour of the school that was pink. Now don't get me wrong the pink school would have been fine you know if it was a girl school, but once again it's not a girl school and it is a pink school in Japan.

Yes it sounds like I'm complaining about it , but I don't say that I say.... Different because in L.A or anywhere in America is there a pink school. At least I hope not.

I turned glancing back at the black limo and I started walking up the path or gate way? I have no clue my parents said I should cut my hair but..... that means doing something and I'm lazy so we just don't meet eye to eye at that moment.

I looked up at a clock tower (SERIOUSLY WHY DO THEY HAVE THAT?!) And saw a white kite not the bird the actual kite thing idk if that's how you spell it.

I opened the doors to see a big golden entry room and I wonder why it was gold it makes it look GIRLIER!?. Now don't get me wrong girls are cool and what not but seriously girl style much.

I walked around the schools finding out the library's they did have were just social convention it

After running around and seeing no one I started questioning where I was. I then without paying attention slammed into a large pink door. Holding my nose I looked up and saw "Music room 3"

I said to myself happily "Ohhh Finally I have peace and somewhere to rest."

I swung open the doors and walked in to a classical looking room with couches. I walked over seeing a slight shadow behind a yellow curtain. Swinging it open I saw the best thing in the world. A grand Piano. I ran my hands over the black smooth paint then played a couple of keys making a melody that sang to my ears.

I sat down starting to play a song coming to my mind it was fast paced and very calming (The song is called Gallop its on YouTube) at the same time. Grinning speed I closed my eyes envisioning the keys and kept playing.

I kept going not realising the sound until I heard glass breaking. I quickly messed the song up with a high pitched note with the shock and I frowned at how it was messed up and my peace of mind was gone.

I looked at the keys sadly flickers in my mind at how ruined the song got.

Hearing a voice I heard a guy go "Don't stop it was very beautiful."

I turned to face a blonde haired blue eyed boy wearing the uniform with 5 other boys and 1 girl also wearing the boys uniform?

The girl spoke up "It was very pretty and you loved it so why stopped?"

I said walking past her and said "You got me out of the mood darling I have no desire too now."

Truth was I was so lying I wanted to go back and play all night but I couldn't because A. Some glasses guy was glaring at me and B. I needed food.

The little boy who was blonde stopped me "Please miss? I really liked it."

Now I do get annoyed by people calling me a witch but I just ignored it witch was probably my first flaw.

I said back Cooley "Sorry I have to go anyway I'll be starting Monday so maybe I will just for you alright kid."

The little boy jumped up "ALRIGHT."

I walked out not before closing the door and immediately hearing the blond say "SHE WAS AMMAZING WHO IS SHE! Maybe she can be Haruhi friend."

I smiled to my self and let go of the door and walked out to the black limo, getting in I crossed my legs and looked out the window putting my fist on my chin looking out the window. I said closing my eyes "I have a feeling Monday will be interesting."
